

From Past to Present: Multidisciplinary study on Medicinal Wood Tar in the Mediterranean

Final International Workshop **ONGUENT**
Üsküdar University Istanbul (Turkey)
Central Campus A Block
October, 2nd 2017

09:00 – 09:45 Opening speech

PROF. DR. Nevzat TARHAN (President of Üsküdar University)
PROF. DR. Muhsin KONUK (Vicepresident, Head of Molecular Biology and Genetics)
DR. Sylvain BURRI (LA3M UMR 7298 CNRS-Aix Marseille University, Principal Investigator)

9:45-10:30 Sylvain BURRI (LA3M UMR 7298 CNRS-Aix Marseille University), Carine CENZON-SALVAYRE, Anne CLOAREC (LabexMed Aix Marseille University) - *Medieval and post medieval Wood Tar Production and Medicinal Use in South-Western Europe*

10:30-10:45 Coffee Break

10:45-11:15 Alma Angelina DELGADO ROBLES , Martine REGERT (CEPAM UMR 7264 CNRS-Nice University), Xavier FERNANDEZ (ICN IMR 7272 CNRS-Nice University) - *Analytical and experimental approach for the chemical characterization of archaeological tars*

11:15-12:00: Sterenn LE MAGUER (LabexMed Aix Marseille University) - *Al-qiṭrān: wood tar in the Medieval and Post Medieval arabic sources (lexicography and pharmacology)*

12:00-13:30 Lunch

13:30-14:15: Mohamed ALIFRIQUI (Cadi Ayyad University), Didier GENIN (LPED UMR 151 IRD-Aix Marseille University) - *Junipers as the horn of plenty for mountainous Berber peasants? Uses and management of rural Juniper forests in the High Atlas*

14:15-15:00 Badr SATRANI, Mohamed GHANMI (HCEFLD-Forest Research Center), Sylvain BURRI (LA3M UMR 7298 CNRS-Aix Marseille University), Aline DURAND (Maine University-CREAAH UMR 6566) - *Valorization of conifer tars in Morocco: Technical production and chemical and biological qualities*

15:00-15:15 Coffee Break

15:15-16:00 Kaan YILANCIOĞLU (Üsküdar University) - *Tar's cytotoxic activities by MTT*

16:00-16:45 Ibrahim Hakkı CİĞERCİ (Afyon Kocatepe University), Recep LIMAN (Uşak University) - *Mutagenic and antimutagenic activity of Turkish tar*
